DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimers filed on October 4, 2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of patent number 6716798 or any patent that may be granted on 09/307,544 or 09/296,217 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

2. Claims 1-13 are allowed.

The BPAI, in related application 09/296,216, decided that there is no factual foundation to support the obviousness rejections. The obviousness rejections in the instant application are the same as the obviousness rejections of 09/296,216, given the similar subject matter of the two applications. The Examiner believes that if the instant claims were appealed, the same decision, with regard to the obviousness rejections, would result. Thus, the Examiner has withdrawn the rejections under 35 USC 103 given in the previous Office Action. Since all other claims have been cancelled by Applicants, the currently pending claims are in condition for allowance and are being passed to issue.
